

APPLICATIONS

Cascade manufactures a variety of solutions for storing and moving bricks. The Brick Cage is designed to convey pallets of bricks or similar loose products safely to a work location via overhead crane. Suitable for 1200mm square pallets (1240mm clear inside), and up to 1500mm overall height. All models come with lifting points for use with overhead lifting gear. Supplied flat packed (1750 x 1370 x 475mm) or fully assembled.

Zinc plated finish.

FEATURES

- 4 Crane Lift Points
- Zinc Plated Finish
- SK-27001
